Dear Hirokazu san,

Re: Wheelchair delivered to KOPEL Bhd – Community Co-op Batu Puteh Kinabatangan Sabah Malaysia

We are writing to you to express our most sincere appreciation and gratitude for the donation of a Wheelchair to our Community Program.

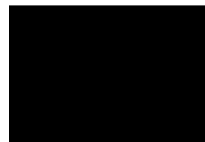

For your information, at present we are parking the wheelchair it in our program headquarters and we are using it communally to assist with the movement of some elderly and sick people in our community, and as standby for emergencies, which infrequently arises and require the invaluable assistance of a wheelchair. This will increase accessibility for some very special people to some of our programs. We are all so very happy.

Please accept our sincere thanks for your efforts to spread these useful tools around our planet, and please pass our sincere thanks for sending a wheelchair to our program here in the Kinabatangan, Sabah.

Please also pass on our sincere thanks to Prof Dr Masami Kaneko at Rakuno Gakuen University for his kind assistance to suggest our program to be a part of this initiative, and for transporting the wheelchair to our place here in Eastern Sabah.

Thank you and best wishes with your ongoing initiative

Best regards

MARTIN VOGEL
